

**Transition Bro Gwaun - request for support letters for Planning Application  
No: 24/0745/PA**

Nov 2024

Our planning application for a larger wind turbine to replace our existing turbine at Trebover Farm has recently been submitted to Pembrokeshire County Council. It included the letters of support that we received in the summer and there is an opportunity for anyone who did not respond then to do so now.

It will benefit our application considerably if we are able to demonstrate a high level of community support and request that letters, **in the format below**, be emailed to us, at [enquiries@transitionbrogwaun.org.uk](mailto:enquiries@transitionbrogwaun.org.uk) , or delivered to 8A Main Street, Fishguard, before the end of this month. Thank you.
